

Certified Welding Supervisor Seminar Schedule 2018

An AWS Certified Welding Supervisor (CWS) can help reduce welding costs, increase productivity and profitability, and can help make a company more competitive.

The CWS prep course provides a comprehensive review over a 5 day period, for a total of 40 instructional hours. The objective is preparation for the AWS CWS Certification Exam. The two part exam is open book. It covers fundamentals of the welding supervisor, and welding practices and economics. Exams are administered at Prometric centers. Applications can be found on the AWS website and should be mailed to AWS for processing.
